

## GT GOLDEN MARATHON

### FRAME

GT's lightest full suspension bike ever, thanks in large part to the carbon fiber monocoque frame. Available in your choice of gold, gold or gold.

### FORK

With a Fox 32 RL fork, the Golden Bike enjoys 120mm of travel – enough to handle anything the trail throws at you. And with a remote lock out, you can handle it on the fly.

### REAR SHOCK

The Fox Float RP23 provides 4" of rear-wheel travel, making the Marathon ideal for cross country, enduro races and basically anything where the fastest racer wins.

### DRIVETRAIN

Since the Golden Bike deserves nothing but the best, we gave it nothing but the best: a full XTR drivetrain with a Shadow rear derailleur.

### SUSPENSION

The Golden Marathon employs GT's patented Independent Drivetrain (iD), which transfers your pedaling power directly to the trail. The technical word for this is "fast".

\* Specs subject to change.

# YOU COULD WIN THIS BIKE. (OR NOT)

MODEL	GT Golden Marathon
COLORS	Gold (of course!)
SIZES	XS, S, M, L, XL
FRAME	GT designed carbon monocoque frame.
REAR SHOCK	Fox Float RP23 with rebound adjust lockout and adjustable pro pedal
FORK	FOX 32 RL with 120mm of travel, rebound adjust and remote lock out
CRANKSET	Shimano XTR, 22/32/44

BB	Shimano XTR outboard oversize bearings
FRT DER.	Shimano XTR
RR DER	Shimano XTR "Shadow"
SHIFTERS	Shimano XTR trigger
REAR COGS	Shimano XTR 9-speed index cassette, 11-32
CHAIN	Shimano 9-speed
RIMS	Mavic Cross Max SLR Disc
TIRES	Kenda Karma, 26" x 2.0 120 TPI
HUBS	Mavic Crossmax SLR

FRONT BRAKE	XTR Centerlock Disc 160mm rotor
REAR BRAKE	XTR Centerlock Disc 140mm rotor
BRAKE LEVERS	Shimano XTR Hydraulic
HANDLEBAR	Ritchey Carbon WCS
STEM	Ritchey 4 Axis MTB stem
GRIPS	GT Alloy Lockdown
HEADSET	FSA Integrated
SADDLE	FIZIK Gobi XM
SEAT POST	Thompson Elite
